ELECTRONIC DISBURSEMENT OF SUPPORT

FREQUENTLY ASKED QUESTIONS

1. Is everyone included in the electronic disbursement of child support?

Yes. State law requires that, except in very limited circumstances, all child support must be sent electronically. This provides parents and custodians with a safe, convenient and secure method to receive their payments, and the Michigan State Disbursement Unit (MiSDU)¹ with a more efficient way to send funds.

2. What does electronic payment of child support mean?

Electronic payment of support means that support payments will not be sent by paper check to customers unless they are exempt under the law. Instead, customers will receive their payments either through direct deposit to their personal bank account or through a prepaid debit card. The customer can choose which option (s)he wants.

3. Are there any exceptions to receiving child support electronically?

Yes. The law allows some individuals to continue to receive support payments by check. These include individuals with a mental disability, physical disability or language or literacy barrier that results in a hardship for those individuals in accessing electronic payments; and individuals with both home and work addresses that are more than 30 miles from an automated teller machine (ATM) or their bank.

Customers can request an exemption by calling toll-free, 1-877-543-2660 to speak with a MiSDU customer service representative. All other individuals must choose between direct deposit to their personal bank account or a prepaid debit card.

4. How does a person make the choice between direct deposit or a debit card?

New customers receive their first support payment by paper check with a request to make a choice between direct deposit to their personal bank account or a prepaid debit card for future payments. Included with the check is a [direct deposit request form](#) that customers must complete and return if they want direct deposit to their personal bank account. If they do not return the direct deposit form, they will automatically receive the Way2Go Prepaid Mastercard debit card. Direct deposit forms can also be found online at www.misdu.com. Customers can call 1-877-543-2660 to speak with a MiSDU customer service representative with questions about completing the forms.

¹ The MiSDU is a state-administered entity responsible for receipting and disbursing child support payments in Michigan.

5. What is the Way2Go Card Prepaid Mastercard (Way2Go Card)?

The Way2Go Card is a debit card issued by Comerica Bank. The MiSDU electronically deposits child support payments to this card when they are due and received from the person who owes the child support.

6. Is it a credit card?

No. There are no credit checks or approvals required to get the Way2Go Card.

7. How does the Way2Go Card work?

The Way2Go Card can be used to:

- Make purchases everywhere Mastercard debit cards are accepted (over 20 million merchants nationwide), including places such as grocery stores, gas stations and restaurants;
- Receive cash back with a purchase from debit card merchants;
- Pay bills and pay for online, phone and mail-order purchases;
- Get cash from any bank that accepts Mastercard; and
- Get cash from ATMs (fees may apply; see Question 9).

The amounts of purchases or cash withdrawals are automatically deducted from the available funds on the card.

8. Is a PIN (Personal Identification Number) needed to use the card?

Yes and no. Cardholders can use the card to make signature-based purchases without a PIN. However, cardholders must use a PIN for cash withdrawals at ATMs (fees may apply for ATM transactions; see Question 9). Cardholders must choose their own PIN by calling the Way2Go Cardholder Services Help Desk at 1-844-649-9843 or going online at www.GoProgram.com after they receive their card. For security reasons, it is important that cardholders pick a PIN that only they would know and that they not share their PIN or card with anyone.

9. When getting cash, does the cardholder have to go to a Comerica Bank ATM or Comerica Bank branch?

No. Cardholders can obtain cash without any fees over the counter at any bank or credit union that accepts Mastercard. Cardholders can also get cash back on purchases made at merchants throughout the United States such as grocery and discount stores. Some merchants may charge a fee for cash back.

The Way2Go program offers surcharge-free access at Allpoint ATMs. Withdrawals made at Allpoint ATMs will not be subject to a surcharge by the ATM owner. Visit <https://allpointnetwork.com/locator.aspx> to find the nearest Allpoint ATM. A \$1.50 service fee will be charged for all ATM withdrawals at non-Comerica and non-Allpoint locations.

10. How does the MiSDU deposit money onto the card?

When payments are received from the parent paying support, the MiSDU electronically deposits funds to the Way2Go Card. The MiSDU will electronically deposit funds into a personal bank account if the person receiving the support were to choose direct deposit.

11. Does the person receiving the support payment get a new card every time a payment is made?

No. All future child support payments will be automatically deposited onto the card the customer initially received.

If the card is ever lost or stolen, customers can request a new one from the Way2Go Cardholder Services Help Desk by calling 1-844-649-9843. Any new payments will automatically go to the new card.

12. What does a person do after receiving the card?

After a person receives the card in the mail, (s)he must call the Way2Go Cardholder Services Help Desk at 1-844-649-9843 and select a PIN. Cardholders may also use the Way2Go Card mobile app or log into www.GoProgram.com to activate the card. Although the MiSDU can deposit funds onto the card immediately, the card cannot be used until customers activate the card by selecting their PIN.

13. Must a person already have an account with Comerica Bank or any other bank to receive the card?

No.

14. How does a person qualify for the card?

No qualification or approval is needed. State law requires that child support must be sent electronically to the person receiving the support. Unless the person receiving support requests direct deposit to his/her personal bank account, (s)he will receive the Way2Go Card automatically.

15. How does a person switch from direct deposit to a debit card?

Debit card enrollment requests can be found online at www.misdu.com. The customer can complete the request for a debit card online, or download and complete the form and follow the instructions for sending it to the MiSDU. The MiSDU will issue a debit card and will end the direct deposit. Customers can call 1-877-543-2660 to speak with an MiSDU customer service representative if they have questions about completing the form.

16. Who can cardholders contact if they have questions about their card?
