***Note:** The debt types marked with asterisks at the bottom of the table are included in this list because a support collection may be distributed to an arrearage associated with the debt type. These debt types are obsolete and will not be used to create new obligations.

¹ Ref: [Section 5.70, "Fees \(SF/PF, OSR and FFEE\)," of the Michigan IV-D Child Support Manual](#) for information on the statutory fee.

² IV-D staff no longer use the WF debt type to create new obligations for county-funded placements. However, support collections will continue to distribute to arrears payable to a county that accrued before October 1, 2019.
