¹ The WF debt type is payable to the county for county-funded agency placement IV-D cases prior to October 1, 2019. The unlicensed provider's support that is redirected from an agency placement IV-D case is subject to assignment on a IV-A-referred IV-D case if the unlicensed provider receives Family Independence Program (FIP) assistance. Therefore, IV-D staff must manually move the monthly support obligation redirected to the unlicensed provider on the agency placement IV-D case to the IV-A-referred IV-D case. Ref: [Section 5.85, "Agency Placement – Financial," of the Michigan IV-D Child Support Manual](#) for more information regarding unlicensed providers who receive FIP.
