The Michigan Child Support Enforcement System (MiCSES) does not distribute receipt type 2 (non-sufficient fund [NSF] recoupment) payments directly to RB obligations. When FOC staff post a collection using receipt type 2, additional steps are required for the payer to get credit for "making good" on the NSF check. Detailed instructions on how to receipt an NSF recoupment can be found at: http://mi-support.cses.state.mi.us/systems/micses/cig/fin/nsf_processing.pdf.
