Court Case No: 1999999999-DP
JANE DOE v JOHN SMITH

JANE DOE
2345 Main Drive
Port Huron, MI 48060

JOHN SMITH
Test Addr
Lansing, MI 48910

Dear Parties:

The Friend of the Court was notified that JOHN SMITH has exercised parenting time with the child(ren) in the above captioned matter and requests an abatement.

The notice we received states that (s)he had the child(ren) as indicated on the attached Parenting Time Credit Worksheet. If there are no written objections received within 14 days we will reduce JOHN SMITH's account in the amount of \$198.00 accordingly.

If the parenting time abatement causes the support obligation to be overpaid, current support payments may be reduced. JANE DOE understands that the adjustment to JOHN SMITH's account may cause a reduction in current support payments until JOHN SMITH's abatement is refunded in full. If either party disagrees with this action they may contact the Friend of the Court to resolve this matter.

Sincerely yours,

St. Clair County Friend of the Court
