Clients with especially high total needs under the state programs in December 1973 may continue to receive more than the amounts in the above chart. This is because the SSI program guarantees the income levels of recipients converted to SSI from state roles in January 1974.

SSI RECIPIENTS LIVING IN ADULT FOSTER CARE FACILITIES

SSI payments to recipients living in adult foster care facilities or a home for aged facility include monies to cover the cost of care plus an incidental allowance for the recipient. The following chart details by living arrangement the maximum monthly amount the recipient is to pay the provider and the amount he or she is to keep.

SSI RECIPIENTS LIVING IN ADULT FOSTER CARE OR HOME FOR AGED FACILITIES

ADULT ALLOWANCE

The SSI warrant received by the recipient includes an allowance of at least \$44.00 per month for an individual (\$88 for a couple) to cover incidental needs. This amount is to be retained by the individual or couple after paying the facility. If the actual cost of care for the individual is less than the above maximum, or if the individual has unearned income other than SSI, the amount he or she has for incidental needs is more than \$44.00.
