
**CDC INCOME
ELIGIBILITY SCALE****Income Eligibility**

If a child does not qualify for one of the Child Development and Care (CDC) Protective Service groups where income is not considered (see BEM 703), determine eligibility for the child based on income.

To be income eligible for the CDC program at application, a family's gross monthly income must not exceed the maximum monthly gross income limit by family size associated with the column labeled **entry**.

After initial eligibility has been determined, a family's income must not exceed the maximum monthly gross income eligibility limit by family size associated with the column labeled **exit**, unless the increase is determined to be *temporary excess income*; see BEM 505.

**Family
Contribution**

The Family Contribution (FC) amount is based on family income when the child is determined income eligible. The FC amount is subtracted from the provider payment issued by the department and the family may be responsible to pay this amount to provider.

The FC amount is waived for a child in the CDC Protective Services (income waived) eligibility category and for income eligible children assigned to a child care center, family home, or group home with a star rating/quality level of 3 Star/Enhancing Quality or higher.

FC amounts are per child, per every two-week pay period ([CDC 2025 Payment Schedule](#)), not to exceed the Family Contribution limit per family, per every two-week pay period; see *family contribution* BEM 706.

**DEPARTMENT
HOURLY RATES
AND CHILD CARE
FEES****Department Hourly
Rates**

The departmental hourly rate is multiplied by the time billed to reimburse license exempt-related and unrelated providers, and multiplied by 30, 60, or 90 hours in a block reimbursement for child care centers, group, and family homes; see *billing and payment* BEM 706.

**Child Care Fee
Payments**

Child care centers, group homes, and family homes may bill the CDC program for child care fees. These are mandatory fees that are typically charged to parents, such as registration fees, annual fees, or field trip fees. Payment of child care fees is limited to \$65.00 for centers, and \$40.00 for group and family homes, per child, per fiscal year (10/1 to 9/30); see *child care fees* BEM 706.

Note: License exempt-related and unrelated providers are not eligible for payment of child care fees.
